

CARICOM Standard

The Standard of the Caribbean Community features a blue background - the upper part being of a light blue representing the sky and the lower part of a dark blue representing the Caribbean Sea. The yellow circle in the centre of the Standard represents the sun on which is printed in black, the logo of the Caribbean Community - two interlocking Cs. The two Cs are in the form of broken links in a chain, symbolising both unity and the break with our colonial past. The narrow ring of green around the sun represents the vegetation of the Region.

The Conference of Heads of Government Meeting in Port of Spain, Trinidad and Tobago in November 1983, approved the design of the CARICOM standard. The original design was done by the firm of WINART Studies in Georgetown, Guyana but this was substantially modified at the Meeting of The Conference of Heads of Government in July 1983.
